Spanish

The best way to prepare for your A Level course in Spanish is to be really confident with what you have already learned. You can do this in lots of enjoyable ways that DON'T need pen and paper!

Have a look at the following from the BBC languages website (we recommend copying the websites into Google Chrome):

- **Mi vida loca** <http://www.bbc.co.uk/languages/spanish/mividaloca/ep01/>
Make sure you use the **Spanish subtitles**, too – note how language is used!
- **Talk Spanish** <http://www.bbc.co.uk/languages/spanish/talk/>
- Revise your **vocabulary** from GCSE in a fun way with “Quizlets” – try out all the activities – “Flashcards” “Speller” “Learn” “Test” as well as the games – “Scatter” and “Gravity”! for practising the following essential words:

Daily routine: <http://quizlet.com/12410384/daily-routine-flash-cards/>

Work and leisure: <http://quizlet.com/12410404/work-and-leisure-flash-cards/>

Emotions – all used with the verb “estar” because they are “temporary” feelings -

Characteristics – all used with the verb “ser” because they are “permanent” -

Choose your favourite Spanish artist and try and fill the gaps as they sing! (We recommend starting with Beginner level first!)
