## Important Upper Sixth Notices

**Do you have an interest in fashion and a talent for working with data and numbers?  
If the answer is yes then a role in Merchandising could be right up your street!**

**What's the coldest summer got to do with the hottest trends? If you get a kick out of knowing how the weather – and the economic climate – impact on shopping habits, then you're in the right place. A new coat might be hot stuff in Edinburgh this August, but too warm for London. And knowing the difference decides how we do as a business.** While Buyers and Designers set the trends for new ranges, Merchandisers do the strategic thinking that decides where those ranges will be available. Will the next big thing be our next big seller? It could be your call. You'll be making decisions that have a real impact on the profitability of your brand.

## MyKindaFuture & Arcadia are delivering a workshop on Data Analysis:

- Friday 8 December
- Time: 9am until 10:40am
- : E3 The Forum (Reigate College)
- Upper Sixth Students only
- Applicants must have good numerical and analytical skills

(No need to be creative but an interest in Fashion/Retail is an advantage)

### Students who impress at the workshop will be invited to an insight day in London in February.

The insight day will help you build skills and explore the possibility of a Level 4 apprenticeship.

Interested Students should apply ASAP to Sam Burnett (work experience coordinator)

[workexperience@reigate.ac.uk](mailto:workexperience@reigate.ac.uk) **before 10 am on Tuesday 7 November**

Places are limited and places will be allocated on a first come, first served basis.

## Fashion Retail Academy- applications for degrees are now live!

- The Fashion Retail Academy offer accelerated degrees over 2 years. This will save students £9000 in tuition fees alone!
