Work Experience Opportunities

Are you looking for or thinking about work experience?

Work Experience is essential for certain Careers (**Medical/Veterinary/Dentistry related Careers, Law and Primary Teaching**). For other courses and future careers it may be desirable. Work experience, where possible should be arranged around your timetable or in the holidays. There is no set week for work experience and you need to be proactive in seeking opportunities yourself. If we have an opportunity to share then this will normally go into the **Careers Bulletin** so please keep up to date with the opportunities advertised.

We are receiving lots of enquiries and questions about work experience. Please have a look at our work experience guide which can be found on the College website or [Click here to access the 'Work Experience guide'](#). Alternatively, if you have any questions, or require support please contact workexperience@reigate.ac.uk, or please come to E102 and speak to Sam Burnett, Work Experience Coordinator.

British Airways Spring Term Work Experience Applications open on 17th September and close on 26th September

Engineering and Customer Service placements available at Gatwick Airport Atlantic House and the South Terminal

During this placement, you'll have the opportunity to spend time with a variety of teams in the Terminal. From assisting at check-in to welcoming customers to our executive lounges, you will become familiar with our customer-facing operations. You'll also get the opportunity to explore the Airport Operations Centre. This fast-paced, busy operational environment will enable you to experience what it's like to deliver the highest customer standards for our business and leisure travellers.

Hangar 6

Gatwick Engineering at Hangar 6 carries out Service Checks on the LGW Boeing 777's and Airbus fleets. Along with Service Checks, we also carry out Maintenance Clean ups as well as responding to casualty aircraft, where we have an Operational Support Unit that operates between the Ramp environment and the Hangar, as required.

This Work Experience placement will give you the opportunity to shadow engineers working the aircraft where they can experience all aspects of Airframe, Engine and Avionic systems. There is the opportunity to follow the aircraft through its input from start to finish and appreciate just how some of the most modern aircraft works. There is also

an opportunity to see how the planning department functions which will give you an appreciation of how the maintenance "input" is put together.
