## Headline news

- Reigate College continues to be ranked in the Top 10 of all UK Colleges using success rates as the criteria.
- Its National Teaching School status means it is recognised across the country for exceptional leadership, training and performance.
- Reigate College's students continue to out-perform national guidelines for predicted grades based on GCSE results. The 2017 cohort was expected to achieve 1,215 high grades (A\* to B). They actually received an incredible 3,939 high grades, over three times the national prediction.
- Last summer's A Level pass rate was 99.2%, up from 99.1% in 2016.
- In BTECs there was yet again a 100% pass rate in 2017, with 97.5% of the Diplomas (the equivalent of 2 A Levels) Distinction or Distinction\*, putting Reigate College among the top BTEC providers in the country.

## Destinations Headlines

- Reigate College is one of the largest providers of students to UK universities in the country, with over 700 students accepting university offers in 2017.
- In 2017, one in four College students who applied to university was accepted by the UK's top Russell Group universities or other top three universities (Bath, St Andrews and Surrey).
- Business, Law and Mathematics are among the most popular courses College students go on to study at university.

Carly Munn received multiple offers for Medicine

Oxbridge successes Ailsa Clark, Conor Hartley and Jessica Morgenstern

## Oxbridge Success

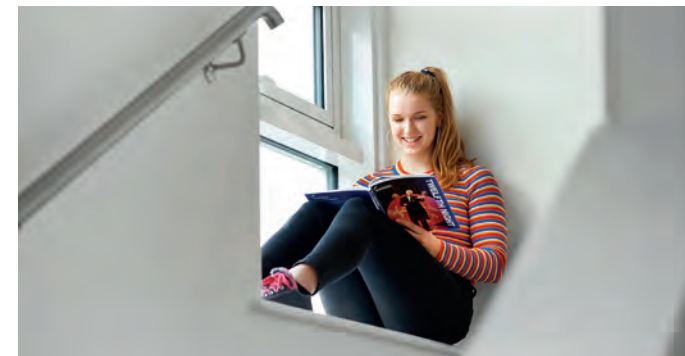

Oxbridge offers for September 2018 include:

- Ailsa Clark: Art History, Worcester College, Oxford
- Conor Hartley: French and German, Wadham College, Oxford
- Jessica Morgenstern: Anglo-Saxon Norse and Celtic, Corpus Christi College, Cambridge. Jessica was also presented with the Paul Rimmington Award for History (see pages 14-15).
- Lily Westcott: History and English, Pembroke College, Oxford

## Medicine Success

This year's Medicine successes include:

- Morgan Howland: four offers, hoping to go to Brighton and Sussex Medical School
- Carly Munn: three offers, hoping to go to UCL
- Rachael Foulsham: four offers, hoping to go to Edinburgh
- Ben McCabe: two offers, hoping to go to Keele
- Arunthavan Nithianantharajah: hoping to go to UCL

Ailsa Clark received an offer from Worcester College, Oxford to read Art History

Lily Westcott outside Pembroke College, Oxford

Ellie Graham has been offered a place to study Aerospace Engineering at Bath

Stephanie Earnshaw and Layla Kharroubi will both study History at university

## Biology Success

Eleanor Dampier, now at the University of Bath, was jointly awarded the Salters-Nuffield Advanced Biology Prize for gaining one of the five highest marks in the country in last summer's Edexcel A Level Biology exam.

## Maths Challenge

37 students took part in the UKMT Senior Maths Challenge in November and between them secured one Gold Certificate, 13 Silver and 14 Bronze.

- Ellie Graham achieved a Gold Award putting her in the top 10% of entrants across the country, as well as being awarded certificates for 'Best in College' and 'Best in Year 13'.
- 'Best in Year 12' went to Zach Finch.

## History Successes

Stephanie Earnshaw and Layla Kharroubi won places on the Lessons from Auschwitz Project. Both are hoping to continue studying History with Stephanie having been offered a place at Goldsmiths, University of London (History), and Layla at Leeds (International History and Politics).

Essays by History students Teddy Wyrley-Birch (on "Trump: Revolution

or reaction?") and Miranda Evans (on Monarchy in the Middle Ages) were submitted for the Vellacot History Award run by Peterhouse College, Cambridge.

## Extended Project Qualifications (EPQs)

EPQs offer high-achieving students a fantastic opportunity to deepen their knowledge in an area of particular interest to them. Their final submission can take many forms including a university style dissertation, composition or piece of artwork.

Here are some of this year's projects:

- Marcus Thorpe: To what extent is it possible to design a 3D print, low cost, biometric prosthetic hand that can be used in low GDP countries? As part of his EPQ, Marcus actually designed and built a 3D model.
- James Saw: What impact is the development of self-learning AI likely to have on modern warfare and what issues does its use raise for wider society?
- Jake Coates: To what extent did the Wars of the Roses have a significant impact on the development of the political system of England up until 1509?

## Aspire

This year's high-achieving students have once again been receiving offers from all the top Russell Group universities. This is due at least partly to the College's 'Aspire University Pathway', that ensures students receive targeted advice and support via a schedule of additional weekly seminars.

The 'Aspire University Pathway' includes the following additional forms of support:

- Additional Qualifications, such as the EPQ (see left)
- Oxbridge Support
- Specific Enrichment Activities, including the Law Society and MVD Society
- General Enrichment Activities, including DoE Gold, Debating and Shares 4 Schools
- Work Experience opportunities (see page 21)

The College also runs the 'Aspire Employability Pathway' which is designed to provide tailored information and guidance to students interested in exploring alternatives to the traditional university routes.

# STEM Success

Going on to study STEM-based courses (Science, Technology, Engineering or Mathematics) remains a popular choice for Reigate College students. With universities now offering more specialist degree courses in areas such as Cyber Security, Aerospace Engineering and Artificial Intelligence, the decision of what to study is in some cases becoming increasingly difficult!

Here's where some of this year's leavers are planning to go:

Alex Brown

**Subjects studied:** A Level Mathematics, Biology, English Literature

**Next:** Marine Biology, Plymouth

Andrew Fanthome

**Subjects studied:** A Level Mathematics, Chemistry, Computer Science

**Next:** Artificial Intelligence and Computer Science, Sheffield

Peter Fitzgibbons

**Subjects studied:** A Level Mathematics, Physics, Further Mathematics

**Next:** Mechanical Engineering, Leeds

Kit Giroux

**Subjects studied:** A Level Mathematics, Further Mathematics, Art and Design (Fine Art)

**Next:** Mathematics, Edinburgh

# Lawyers of the Future

Over the year Reigate College has hosted a number of events to inspire the next generation of lawyers.

- In January, over a hundred prospective students attended the Aspire Law event where speakers included Anne Rodell, Associate Professor at the University of Law in Guildford
- Also in January four lawyers from the Redhill branch of Morrisons Solicitors gave a seminar on Routes into Law to College students
- The University of Law has delivered a wide-ranging series of talks exploring topics such as presenting skills, the Oscar Pistorius case and writing a successful personal application.

Students also had the opportunity to attend a skills and insight day with Taylor Wessing, a workshop from Allen & Overy, and periods of work experience and shadowing at Irwin Mitchell and Morrisons Solicitors.

This input has really paid off with forty students now off to study Law at university. For some, this is a continuation of studying A Level or BTEC Law at College, such as:

- Tom Brunswick (A Level History, BTEC Subsidiary Diploma Law, Subsidiary Diploma Business)
- Amy Taylor (A Level Media, Sociology, Law)
- Others are embarking on Law having studied a variety of subjects:
  - William Fox (A Level Business, Geography, History)
  - Caitlin Willmott (A Level English, French, History–Early Modern). Caitlin won the University of Law Award at this year's Leavers' Awards as a result of her Law-related EPQ: 'How significant was the Married Women's Property Act in promoting women's rights in the UK?'

This year's cohort follows a long line of students who've gone on from the College to become lawyers, including David, Lawrence and Riona (see below) who came back to support the College's Year 11 event for aspiring lawyers:

- David Creese (2014–2016) finishing his second year at the University of Law
- Lawrence Hillier-Wood (2012–2014), University of Sussex Law Degree, now a Legal Assistant at Martin Cray & Co Solicitors
- Riona Mark (2007–2009), University of Portsmouth Law Degree, now a Solicitor at Thackray Williams

From September, prospective lawyers will be able to benefit from the College's progression agreement with the University of Law (see page 22).

# Medicine and Health Care

Operating Theatre Live came to College in January

Rachael Foulsham received four offers to study Medicine at university

The College's MVD Society has again been an invaluable source of support and inspiration for students looking to pursue a career in Medicine, Veterinary Science and Dentistry.

Run by Liz Sanders, sessions have included seminars from a range of external speakers, as well as practical activities, including the recreation of an operating theatre in the Sports Hall!

Along with the five students who've been offered places to study Medicine (see page 2), a large number have chosen to train in a range of health related subjects (as the five students below illustrate) from Paramedical Science to Optometry and Speech Therapy.

## Health-care professionals of the future:

Laura Codd

**Subjects studied:** BTEC Diploma Health & Social Care, BTEC Subsidiary Diploma Applied Science (Medical)

**Next?** Paramedical Sciences, Surrey

Nimisha Jethwa

**Subjects studied:** A Level Mathematics, Biology, Psychology

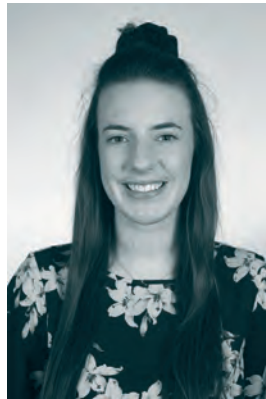

**Next?** Optometry, Cardiff

Natalie Maseya

**Subjects studied:** BTEC Diploma Health & Social Care, BTEC Subsidiary Diploma Law

**Next?** Speech and Language Therapy, Plymouth Marjon

Kira Tighe

**Subjects studies:** BTEC Diploma Sport, BTEC Subsidiary Diploma Applied Science (Medical)

**Next?** Physiotherapy, Coventry

Millie Weller

**Subjects studied:** A Level Biology, Media Studies, Psychology

**Next?** Nursing (adult), Southampton

## So you want to be a Medic?

Support for aspiring medics begins even before students enrol at College. Back in April, the College held a Medical Sciences event for 65 prospective students who are considering careers in Medical Sciences. The Year 11 students heard from practicing doctors, including former students, about their experiences and career paths, and took part in sessions on diagnosis and medical ethics.

Our thanks goes to: Caris Grimes (Consultant General and Colorectal Surgeon), Richard Chavasse (Consultant in Paediatric Respiratory Medicine) and Rob Fletcher, (GP and Lead GP Croydon Urgent Care Centre). Thanks too to former students and trainee Medics Sandro Pietrunti and Marcus Kyriakides, our Upper Sixth Medics and team of brilliant staff who ran the evening.

# Stage and Screen Stars of the Future

Students taking one or more of the College's four Performing Arts (PA) courses (A Level Drama and Theatre, BTEC Performing Arts (Musical Theatre), BTEC Performing Arts (Acting) and BTEC Dance) have the opportunity to star in a huge number of productions and shows throughout the year (see the gallery overleaf) as well as going on trips to the West End and further afield.

This year they have also benefitted from workshops with James Hall of Italia Conti, West End choreographer Adrian Edmeades, and Reigate College alumni Jack Hinton (*Jersey Boys*, West End) and Michael Greco (*EastEnders*), as well as the option of additional LAMDA Musical Theatre, Acting classes and Vocal Tuition.

During the two-year programmes, all Performing Arts students grow enormously in confidence and ability, developing skills that will prove essential whatever their chosen career. For many, it's the stage or silver screen that awaits, and they are now heading off to Europe's leading Performing Arts schools.

Watch out for these names up in lights!

# Performing Arts

Throughout their College career, students have the chance to appear in a glittering array of productions, this year enhanced by the opening of the College's new Dramatic Arts Centre with its high-tech, flexible and fully-equipped performance and rehearsal spaces.

Some of this year's highlights include:

- Shakespeare Schools Festival, Leatherhead Theatre (November)
- *Hot Feet Dance Show* (December)
- Two Cross-College Shows: *An Alternative Nativity* (December) and *Vinegar Tom* (April)
- *Rent* (February)
- *Headshotz* (March)
- BTEC Performing Arts Final Showcases (May)

The BTEC Performing Arts (Musical Theatre) Final Showcase included extracts from *The Greatest Showman*, *Waitress*, *Everybody's Talking About Jamie*, *School of Rock*, *Sister Act* and *42nd Street*

# Leavers' Awards

Congratulations to everyone who received a Leavers' Award during the ceremonies held on Thursday 24th and Friday 25th May in the Rispoli Theatre.

Staff had the opportunity to nominate students who have excelled during their time at College, with additional awards being given for Attendance, Services to the Students' Union, and DoF.

The following students each received three or more awards:

- Sarah Copeman for Law, Spanish, Mentoring and Attendance
- Luke Paciorkowski for Business, Health & Social Care, Travel & Tourism and Attendance
- Rachael Foulsham for Biology, Maths and DoF
- Skye Yeung for IT, Mentoring and EPQ

Jessica Morgenstern was awarded the Paul Rimmington Award for History for her exceptional contribution to History, Caitlin Willmott won the University of Law Award for the best Law-related EPQ, and the William Dyer Award for the most outstanding intermediate student went to Christian Bright.

# Leavers' Fest 2018

## Friday 25th May, Front Lawn, Reigate College

The sun came out just in time to add to the terrific atmosphere at this year's Leavers' Fest. With dodgems and a helter skelter transforming the front lawn into a fairground, the College's legendary barbecue to feast on, and a fantastic line up of dance and musical performances, it really was the perfect send off for College leavers.

A huge number of people were involved in making the event such a success and our thanks in particular goes to the many performers for providing the entertainment and to the music tech students who made it all possible. Special mention too goes to Sarah Walters, Martin Brown and Gavin Chambers and all those who worked so hard behind the scenes.

*Our thanks to former student Ruby Lockey and Helen Parker for photographing the event.*

## Get Ahead Day 2018

The College's annual Get Ahead Day gave this year's Lower Sixth students the opportunity to research their next steps and meet with exhibitors from 80 universities, plus 25 employers and gap year organisations. There were also some really helpful talks on offer as well as the chance to research university courses.

## Progression Day & Alternatives to Higher Education Information Evening

As a follow-on to Get Ahead Day, Lower Sixth students took a day's break from timetabled lessons at the end of June to attend a series of talks and workshops offering targeted advice about their next steps. Parents were also invited to an evening event giving information on non-university pathways.

# Careers

The Careers department is on hand throughout the academic year to offer help and advice with progression planning. Here's a snapshot of what they do:

- Advising and supporting students through the university application process (UCAS)
- Helping with applications to specialist colleges, such as Art and Performing Arts Colleges
- Arranging work experience placements
- Advising on job, apprenticeship and Gap Year opportunities
- Assisting with job applications, CV writing and mock interviews
- Arranging specialist lunchtime talks
- Organising annual careers fairs and events at the College

## Work Experience

Here's a selection of the many opportunities the Careers department has organised this year:

**Workshops/talks** were given by representatives from Total Gas & Power, C&M Travel Recruitment, KPMG and Arcadia Group.

**Aspiring medics** are supported in securing their mandatory period of work experience through the College's links with East Surrey and Epsom & St Helier Hospitals and a local GP surgery.

**Insight sessions/work experience** placements are offered to College students from a range of international employers, including:

- British Airways, Gatwick
- Arcadia Group, London
- Nestlé
- KPMG
- Canon
- RSM
- Grant Thornton

# Partnerships update

## Partner schools

The College continues to work closely with its four partner schools: de Stafford, Oakwood, Reigate and Warwick. In addition to College staff getting involved in Year 10 and 11 assemblies, the College has a presence at the schools' Year 6 Open Evenings, Year 8 and 9 Options Evenings, and Year 10 and 11 Information Evenings.

Sam Davey, Associate Principal, who's responsible for Partner School liaison said, "This year's Partner Schools' Gifted and Talented Programme for Year 8 and 9s has been a great success. Students have benefited from taster sessions in Maths, Science, Sport and Performing Arts.

"I'm particularly proud of the Pupil Premium sessions we've been running this year for students in Years 8 and 9 in Law, Business, Travel, Health & Social Care, Sport and Applied Science. Our aim, as is the general aim of Pupil Premium, is to raise the attainment and aspirations of disadvantaged pupils of all abilities and to close the gaps between them and their peers.

*BTEC Fashion & Textiles subject inspiration workshop with Warwick School in January 2018*

"We've also been running monthly Year 10 subject inspiration sessions with Warwick School. These have included seven sessions in a whole range of subjects from Philosophy to Fashion & Textiles."

## Teacher Training

Reigate College has 'National Teaching School' status and is recognised as being a centre for outstanding teacher training in Surrey.

## The University of Law

It's with great excitement that we're able to announce a new progression agreement, commencing September 2018.

In 2017/2018 ten teachers from a variety of post-16 providers and disciplines, graduated from the College's PGCE programme (Professional Graduate Certificate in Education), and fourteen will be starting their second year of training in September. The PGCE course is accredited by Canterbury Christchurch University, one of the top universities in the country for Initial Teacher Education, and itself graded as 'outstanding' by Ofsted for post-compulsory education and training.

For information about teacher training opportunities see [www.reigate.ac.uk/jobs](http://www.reigate.ac.uk/jobs)

The University of Law will be:

- Accepting Reigate College Students with one grade lower than non-Reigate College students
- Supporting College progression events in the form of talks and workshops
- Sponsoring an annual College Law prize for the best Law-related Extended Project Qualification (EPQ)

# Sporting Excellence

The College attracts students from a huge range of sporting backgrounds, many who go on to compete in AoC Sport competitions, both locally and nationally.

Here are just some of our current stars:

- **Katie Richards** has been playing Basketball for GB for the last three years and won the 2017 WBBL championships with Sevenoaks Suns. In September she's heading to Northeast College, Nebraska, USA, on a full degree programme Basketball Scholarship and hopes to ultimately play professionally.
- **George Mustchin** was selected to play hockey for GB Colleges Hockey Team and continues to play for East Grinstead – one of the country's top hockey clubs.
- **Zak Acharya** was selected for the England Hockey Junior Development Squad.
- **Liam Hunt** played for England U19s Futsal Football Team at the first ever international Futsal tournament in the Netherlands.
- **Anousha Wardley** became U20 Surrey Pole-Vaulting Champion.
- **Billy Monger** was nominated for the 2018 Laureus Best Sporting Moment of the Year Award for the moment when he got back into a racing car just two months after the devastating crash in which he lost both his legs.
- Golfer **Olivia Hunt** reached the final of the 25th Junior European Open 2017 held in Spain in December and was placed 16th in the final – a tremendous achievement having qualified from among thousands of other junior golfers, and competing against experienced national players.
- **Phoebe Colman** has continued to represent Surrey in Squash and got through to the AoC National Squash finals at Nottingham University in March.
- **Sophie Tarling** competed in the 2018 Cheerleading World Championships in Florida, with the Surrey Starlets Amethyst Team.

# Sports Awards

Sports Awards Ceremony,  
Wednesday 25th April, Rispoli Theatre

Exceptional sporting talent was recognised during the annual College Sports Awards Ceremony in April.

Over 25 individual students received awards, and special mention goes to Phoebe Colman and George Mustchin who were named as Female Sports Person of the Year and Male Sports Person of the Year respectively.

Nick Chadwick, Head of Sports Development, who organised the event, commented, "We're really proud of all our sportsmen and women this year. There have been some exceptional performances and the winners were all truly deserving of their awards for their outstanding contribution and commitment to their sport."

Men's 2nd Football Team

Men's 3rd Football Team

Basketball Team

Mixed Hockey Team

It's been another fantastic year for the College's sports teams with some truly outstanding achievements. Here are just some of the highlights:

- The Ladies' Football Team won the Surrey Sixth Form League after a series of excellent matches, including a 26-3 win against Strode's College. They remained undefeated all season.

Rugby Team

- The Mixed Hockey Team won the inaugural Hurtwood House College Cup in September, beating Esher College 1-0 in the final. They also made it through to the quarter-finals of the AoC Mixed Plate.
- The Basketball team secured some excellent wins, including 72-40 over Woking College. The top-scoring player of the season was Kerby Pacia.

Ladies' Football Team

- The College launched a Ladies' Rugby team for the first time, with some excellent performances from Beth Spencer (player of the match against Collyer's) and Martine Patey who scored the team's first-ever try.
- The San Da team won four medals in their first national (full contact) competition.

## Community Sporting Events

The College's twelve Sports Activators have given up a huge amount of their free time over the past year to help with a variety of community and sporting events, including the annual AoC Table Tennis South Region Championships in December, and an athletics event for primary schoolchildren in January. Our thanks to everyone involved.

The College continues to support Reigate Priory Youth Football in a sponsorship arrangement that allows some of the club's 25 youth teams to train and play on the College's Wallfield pitches and in the Sports Hall.
