- Helped me decide whether to apply to university or to pursue an alternative to higher education, such as an apprenticeship
- Helped me to decide which degree I would like to study
- Helped me decide what career I would like to pursue
- Improved my understanding of the career I am interested in pursuing
- Led to an offer of employment when I leave Reigate College
- Led to an offer of further work experience that will be helpful to me
- Has given me contacts within the sector I wish to work in that I will be able to use in the future
- Has enabled me to see examples of employability skills in the workplace – these might be team-work, presentation skills, using initiative, working to deadlines.
- Has enabled me to develop my own employability skills in the workplace – please give examples if possible.

Please outline below two things you are going to do as a direct result of your experience of the workplace. Consider for instance any employability skills you need to develop, contacts you need to follow up, and any further research you need to do.
