

Independent Learning Centre (ILC) >>

reigate•college

The College's new, two storey, state-of-the-art Independent Learning Centre is designed for students to use for timetabled Structured Learning, independent research and homework.

Opening times:

Monday to Friday, 8am to 4.30pm (term times)

ILC

The ILC has PCs and laptops for students to use outside class for individual coursework, access to e-mails, the College network and the College virtual learning environments: Teams, Sharepoint and eStream. All students must work independently and in silence in the ILC. The centre is supervised throughout the day to ensure that a good working environment is maintained.

Software

All PCs are equipped with standard software including Microsoft Word, Excel, PowerPoint and Chrome. Students can also access specialist software including Photoshop and 2D Design.

Laptops

The ILC has 32 laptops for day-loan use on the College campus. These can be used for individual or group study.

Printing

Students working in the ILC have access to four printers via the local network. Students can also use the printers to photocopy and scan documents and images.

Helpdesk

The ILC is supervised by ILC staff during opening hours to support students in their academic work. Staff can help individual students with enquiries and are responsible for maintaining an appropriate working environment for everyone.

Additional services

The ILC keeps copies of College textbooks to support a range of subjects along with a selection of fiction books to be read for pleasure.

A variety of subject related magazines are also available: current issues are displayed on a stand in the ILC, whilst back issues are held by departments.

REMEMBER . . .

The ILC is an excellent resource for all students at the College and students are naturally expected to show respect for each other and the staff working in it.

It is an academic environment where students come to study independently and in silence.
